AI Summary

The article examines the Supreme Court's decision in *Kimble v. Marvel Entertainment, LLC*, which addressed whether the Court should overrule the precedent set by *Brulotte v. Thys Co.*. The Court ultimately upheld the *Brulotte* holding, which prohibits post-expiration patent royalties, citing the principle of stare decisis and deferring to Congress to modify patent law if necessary. [Read More](#)

PROCEDURAL HISTORY

Marvel sought a declaratory judgment in federal district court to confirm that they could cease royalty payments to Kimble upon the expiration of the patent in 2010. The district court found for Marvel and held that the holding in *Brulotte* made the royalty provision unenforceable after the patent's expiration. The Ninth Circuit Court of Appeals was unconvinced by the *Brulotte* holding, however it affirmed the district court's holding.

History of the U.S. Supreme Court

The U.S. Supreme Court is the highest tribunal in the nation for all cases and controversies arising under the Constitution of the United States. The Court stands as the final arbiter of the law and guardian of constitutional liberties.

The unprecedented idea of a third, "judicial" branch of government was introduced in the 1787 Constitutional Convention while delegates debated the separation of powers between the legislative and executive branches. While legal issues had previously been considered executive matters, various delegates to the Convention were opposed to the strong central government which would inevitably be created through this arrangement. Some advocated for national laws to instead be enforced by state courts, while others proposed a national judicial authority. The Convention ultimately outlined a vague understanding of the judicial branch, establishing a U.S. Supreme Court but refraining from explicitly stating its powers and organization.

Under Chief Justice John Marshall in 1801, the Supreme Court grew significantly in power and prestige, established itself as the primary interpreter of the U.S. Constitution, and instituted the power of judicial review over acts of Congress. Several landmark decisions were made during this time (including *McCulloch v. Maryland*, *Martin v. Hunter's Lessee*, and *Gibbons v. Ogden*), each of which further clarified the balance of power between

The article explores the potential and limitations of artificial intelligence (AI) in legal reasoning, focusing on computational models that mimic legal analysis. While AI systems like HYPO, CATO, and SIROCCO demonstrate capabilities in organizing legal knowledge, retrieving cases, and generating arguments, they fall short in true analogical reasoning and nuanced legal judgment, which require human evaluative and normative insights. Below the navigation bar is the HeinOnline logo on the left and a search bar in the center with the placeholder text 'Search for a term, title, author, or citation ...'. To the right of the search bar is a search icon and a dropdown menu labeled 'ases'. Below the search bar are two main content sections: 'Browse Databases by Category' and 'Browse Databases by Name'. The 'Browse Databases by Category' section lists: Canadian Content, Case Law, International Resources, International Treaties and Agreements, Journals and Periodicals, and Special Collections. The 'Browse Databases by Name' section lists two columns of items, each preceded by an information icon (i). The first column includes: Law Journal Library, American Bar Association Journals, Core U.S. Journals, Criminal Justice Journals, International & Non-U.S. Law Journals, Most-Cited Law Journals, American Association of Law Libraries (AALL), Association of American Law Schools (AALS), Canada Supreme Court Reports, and Civil Rights and Social Justice. The second column includes: International Law Association Reports, Law Academy Project, Legal Classics, LGBTQ+ Rights (marked with a green plus sign), Manual of Patent Examining Procedure, Open Society Justice Initiative, Pentagon Papers, Revised Statutes of Canada, Slavery in America and the World: History, Culture & Law, and Statutes of the Realm. On the far right, there is a vertical green button labeled 'Live Chat'. At the bottom left, a URL is visible: <https://heinonline-org.ezproxy.lis.nsysu.edu.tw:8080/HOL/Welcome#>.
